PLANNING FOR A FLEXIBLE FUTURE

WHAT IS A PUBLIC HOLIDAY CALENDAR?

“Public Holiday Calendars can be used to manage holiday shutdowns and closures.”

Holidays are treated by SCP as a Supply Capacity Plan where the supplier’s capacity is zero on the holiday.

WHAT IS A PUBLIC HOLIDAY CALENDAR?

Similar effect to ‘adding days’ to the order, but with PHC you can plan for the future and let the projections take care of when and how much to purchase prior to the date(s) you cannot place orders.

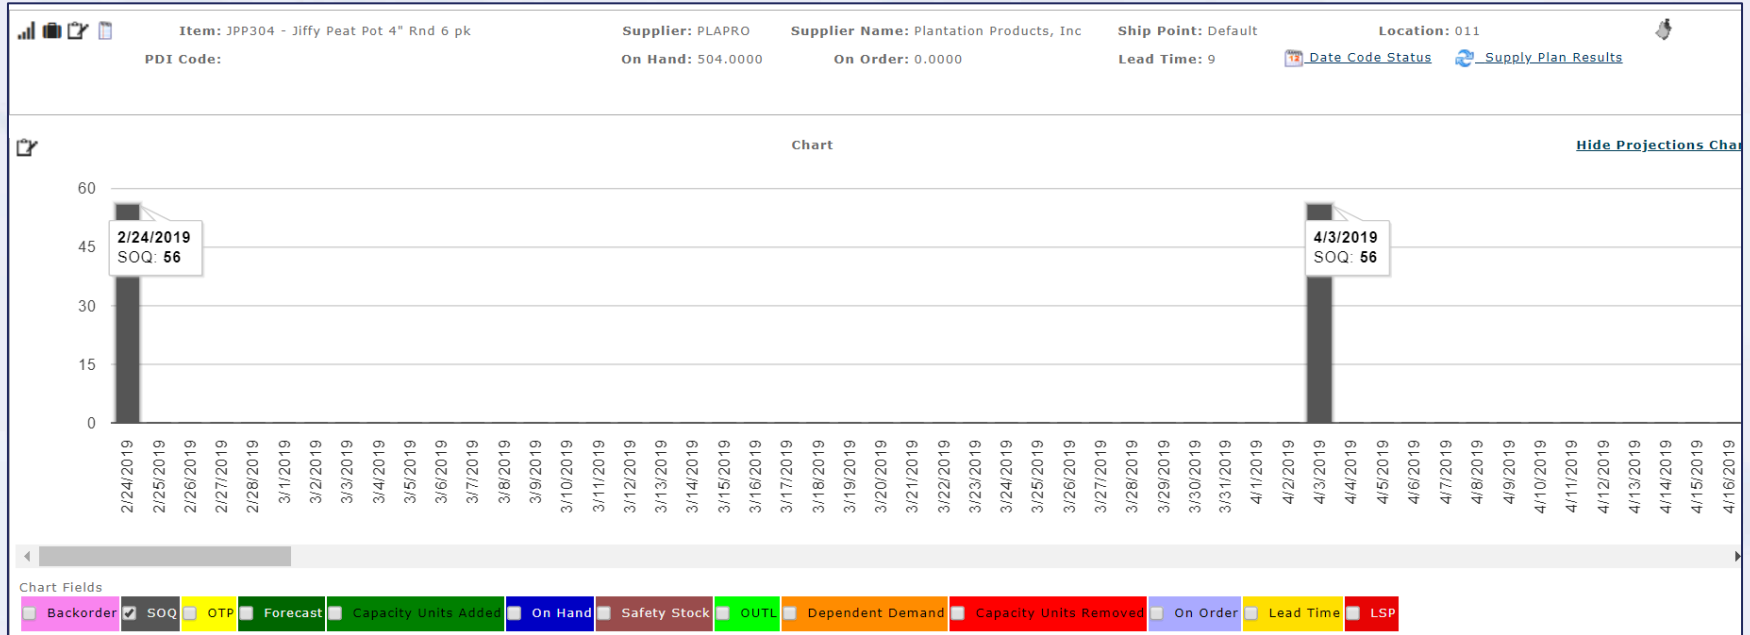

Proactive vs. Reactive
