

SUPPLY PLANNING FOR MANUFACTURERS

Be **Supply Chain Invincible** by optimizing production to meet inventory demand.

MAXIMIZE SERVICE & UTILIZATION

Optimize the day-to-day flow of your goods from procurement and manufacturing through distribution to the end customer. Generate your production plan and provide visibility to all material and resource activities to ensure that your material supply aligns with product demand across multiple manufacturing sites and your complex distribution network.

UNIFIED DEMAND & SUPPLY PLANNING

Blue Ridge Capacity Planning unifies your optimized demand plan and your supply planning, with consideration for capacity and materials. The solution integrates with our replenishment engine, facilitating an optimized end-to-end plan to meet and exceed your objectives. Regardless of complexities within your network, you can rely on Blue Ridge to support hybrid manufacturing strategies, including make-to-order, make-to-stock, and assemble-to-order.
